Ryan Russell

SYSTEMS ADMINISTRATOR | SOFTWARE DEVELOPER

Salt Lake City, Utah | rjrussell605@gmail.com

LinkedIn: ryan-russell-6abb0913b | GitHub: RJ060501

Systems administrator with a software development foundation and hands-on experience in infrastructure support, Microsoft 365, security monitoring, and automation. Focused on systems, cloud operations, and platform engineering.

RELEVANT EXPERIENCE

Resolut | Systems Administrator | 2026 - Present

Support infrastructure and Microsoft 365 / Entra environments; build Python and PowerShell automation; contribute to security monitoring and Freshservice incident, service-request, and provisioning workflows.

Salt Lake Community College | IT Lab Aid V | December 2022 - December 2024

Supported students and instructors with software and hardware troubleshooting. Reviewed student applications and provided technical support and tutoring across Windows, Linux, and macOS.

WeAre8 | Front-End Developer, Contract | February 2020 - April 2020

Built React interfaces, implemented Redux state management, and translated design files into responsive UI. Worked with GitHub, Jira, JavaScript, HTML, CSS, and SCSS.

Musician's Friend | Sales Specialist / Team Lead | May 2022 - February 2026

Provided customer support and relationship management, mentored colleagues, and contributed to process improvements in a fast-paced sales environment.

SELECTED TECHNICAL WORK

Security monitoring: Building a Python application using Microsoft Graph APIs, detection rules, SQLite event state, and alerts. Exploring local AI-assisted correlation and summaries as a next phase.

Application development: Built an accounting chatbot with React, Node.js, AWS Lex V2, and Amazon Bedrock; a Node.js article discovery API; a React video explorer; a Tech Trends API; and a Python Snake game.

Technical investigation: Traced a Revit / SQL Server LocalDB startup failure through application logs and Windows storage sector reporting, producing a specific diagnosis and remediation handoff.

EDUCATION & CREDENTIALS

Western Governors University | Bachelor's studies in cloud and network engineering
Expected October 2026

Salt Lake Community College | Associate degree in Computer Science
Software Development emphasis | 2024

AWS Certified Cloud Practitioner | CompTIA A+ | CompTIA Network+
AWS Solutions Architect study in progress

TECHNICAL SKILLS

Python, PowerShell, JavaScript, React, Redux, Node.js, SQL, REST APIs, Git, Docker, Linux, Windows Server, Microsoft 365, Entra, Freshservice, AWS
